AusCycling affiliation

AusCycling have membership packages available to suit every rider's needs and discipline.

- If you're not too sure if cycling is right for you, yet want to give it a go, the [Four Week Free Trial](#) is a good place to start. Make sure you nominate Randwick Botany Cycling Club as your preferred club, and we will support you during this learning period.
- Most of our members access the benefits of [Lifestyle](#) membership, tailored to individuals who want to ride for leisure, or enjoy the commute.
- For off-road riders who love to get out and race, check out the [Race Off-Road](#) membership for BMX, Mountain Bike and Cyclocross.
- If you're the competitive type who enjoys all sorts of riding, explore the [Race All-Discipline](#) membership package that allows you to race Road, Track, BMX, Mountain Bike and Cyclocross.
- If you wish to support the Club, yet not ride, a [Non-Riding](#) membership is available.

For your convenience, all riding/racing memberships can be paid either annually or monthly.

Insurance

Riding can be dangerous. At all times, you ride at your own risk, considering the skill levels of other riders.

Training rides organised by Randwick Cycling are sanctioned by AusCycling and covered by their insurance. Your AusCycling membership covers AusCycling sanctioned activities including racing and club organised training rides in the terms set out by the Policy.

Should you wish to access additional insurance, club officials can discuss options with you, without prejudice.
